**Service Area**

The Georgia counties served by TVA power are: Catoosa, Chattooga, Dade, Fannin, Floyd, Gilmer, Gordon, Murray, Towns, Union, Walker and Whitfield.

**Power Generation and Transmission**

- In Georgia, TVA operates two hydroelectric dams with a combined generating capacity of 35 megawatts. The dams are Blue Ridge in Fannin County and Nottely in Union County.

**Land and Water Stewardship**

- Blue Ridge and Nottely reservoirs, as well as a portion of Chatuge Reservoir, are located among the scenic mountains of Georgia and have a combined surface area of more than 11,000 acres and about 250 miles of shoreline.
TVA manages recreational, natural and cultural resources on more than 1,700 acres of public land around these reservoirs and partners with communities and local, state and regional stakeholders to improve water quality and aquatic biodiversity, shoreline conditions, recreation, wildlife and habitats on lands, reservoirs and their tributaries.

**River Management**

- TVA maintains the structural, seismic and hydraulic integrity of two multipurpose dams in Georgia: Blue Ridge and Nottely.
- TVA operates the dams and reservoirs in Georgia as part of an integrated multi-purpose reservoir system to provide numerous stakeholders a variety of benefits that include navigation, flood risk reductions, low-cost hydropower, water supply, water quality and recreational opportunities.
- Nine municipalities and two industries in Georgia draw water from the Tennessee River system. Water also is drawn for irrigation.

**Other TVA Operations**

- Georgia households achieved 320,326 kilowatt-hours of energy efficiency savings.
- 331 self-audits and 107 home uplifted homes.
- 204 new homes were built and 66 existing homes were incentivized to install Smart Electric Technologies.
